

PROJECT LIFESAVER

Project Lifesaver is a rapid response program that saves lives and reduces potential injury by quickly locating adults and children who wander due to Alzheimer's, Autism, Down Syndrome, Dementia and other conditions with cognitive impairment.

If you are interested in learning more about Project Lifesaver and live in Johnson County (Iowa City Residents' information also found below), please contact Johnson County Emergency Management to receive additional information about the enrollment process, transmitter resources, and requirements of the caregiver.
